PROFESSIONAL SUMMARY

Full-Stack Developer with 2+ years of experience turning caffeine and code into fast, secure, and scalable web apps. I specialize in the MERN stack and know my way around Firebase and Appwrite like they're my weekend hangout spots—handling auth, storage, and real-time magic. Whether it's crafting responsive or mobile-friendly UIs or building backend systems that don't break under pressure, I deliver clean, purposeful code that gets the job done, with keen eye to detail, a sense of team work and the eagerness to learn and adapt.. Hit me up, let's bring your fantasies to life.
